

## Herman Horters Joins the Phoseon Technology Team as European Account Manager

Hillsboro, Oregon (December 13, 2011) Phoseon Technology today welcomes Herman Horters as the new European Account Manager. Herman joins Phoseon with an electrical and mechanical engineering background after a distinguished career in UV curing technology for industrial production processes. Herman has worked for Fusion UV distribution network where he specialized in the fiber optic curing market as well as with Dymax for industrial assembly. Herman brings an electrical and mechanical engineering background to Phoseon.

Herman started December 5 and will be responsible for the Italian, Portuguese, and Spanish markets for the European Sales team and based in Rome, Italy.

"Phoseon's European UV LED business is growing rapidly," said Rob Karsten, Director of European Sales & Marketing of Phoseon Technology. "We believe that Herman has the professional background, language skills, and capability to help successfully develop our business for both commercial and industrial customers throughout the region."

### About Phoseon
