

Adhesives & Bonding Expo 2021

Press Release

Phoseon Technology Exhibits LED Curing Solutions at Adhesives & Bonding Expo 2021

Visit the Phoseon Booth 626 to learn more about LED curing for adhesive and bonding applications

Hillsboro, Oregon (July 12, 2021) - Phoseon will showcase the latest UV LED curing solutions for adhesive and bonding applications at the upcoming Adhesives & Bonding Expo in Novi, Michigan. Visit the Phoseon exhibit at Booth 626 to learn how Phoseon LED technology is a perfect fit for adhesive applications due to the compact size, ease of integration, and high intensity output achieved through optimized LED thermal management. Users of Phoseon LED curing systems can process a variety of materials, including heat-sensitive substrates, at maximum production speeds with low-input power.

FireJet™ FJ100 UV LED air-cooled curing solution, 3 LED lamps scaled

UV LED curing solutions are being rapidly adopted for curing adhesives and for bonding applications in factory assembly lines throughout the world. Low operating costs, long lifetime, and low maintenance are just a few of the reasons. UV LED adhesive curing applications include: electronics, medical, industrial and many others.

Adhesives & Bonding Expo 2021, where manufacturers and buyers of technical bonding solutions can connect with the entire adhesive and bonding supply chain, will take place at the Suburban Collection Showplace on July 13 - 15 in Novi, Michigan. It will showcase bonding technology providers (adhesives, sealant, lamination and more) with the full

range of end user buyers, as well as the entire chemical and equipment supply chain looking for bonding systems to assembly efficient, durable and light-weight components.

About Phoseon Technology

Since 2002, Phoseon Technology pioneered the use of LED technology for Life Sciences and Industrial Curing. Through our relentless innovation, we deliver high performance, reliable and patented LED based solutions. Our strong focus on customer collaboration has resulted in world-wide market leadership position and presence. Phoseon is an ISO9001 certified company manufacturing award winning products that are covered by more than 300 patents worldwide. We uniquely focus 100% on LED technology therefore ensuring superior reliability, business economics, and environmental benefits.
