

Nexus™ DataHub

Nexus™ DataHub – Your Window into System Performance

Nexus™ DataHub gives you real-time, cloud-based access to critical system data—**anytime, anywhere**. Designed to enhance the performance and serviceability of your Nexus II™ curing system, it goes beyond UV LED performance to also monitor **overall machine performance**.

- **Cloud-Based Access:** View your data from anywhere via our secure web portal or mobile app.
- **Real-Time & Historical Monitoring:** Track performance live or review past data in intervals from 30 seconds to 1 hour.
- **Comprehensive Data Insights:** Monitor a wide range of key metrics, including: overall machine performance, UV intensity, system speed, energy consumption
- **24/7 Operation:** DataHub runs continuously to provide full visibility into your system.
- **Exclusive Benefits:** Nexus DataHub users receive special service and repair discounts.
